About Me

I am an IT student in Vienna, majoring in computer my Software Engineering course in FH Wien.

I have two part-time jobs, one in Vienna (since 8/17) [redacted]

Here are some of my past experiences and projects:

As a part-time employee, I worked at Lidl in Hadersdorf and Floridsdorf in Vienna. For my project, we had to create the brand-game Heritage Hunt, a game that combines the brand Lidl with the Vienna Heritage Museum. The goal of the project was to create a game that promotes the Vienna Heritage Museum, a museum that has no national ticket, and we had to create a brochure to advertise it, a special ticket, a brochure, a flyer, which was specially created for the game, and a QR code that was placed in the Lidl stores, which was placed in the Vienna Heritage and contained
